I Summary of Financial Results for FY3/24

II Business Strategy

III Initiatives to Achieve P/B Ratio Above 1.0

■ Actual Results for FY3/24: YoY Comparison

(Non-consolidated) (billion yen)

	FY3/23 (A)	FY3/24 (B)	YoY comparison (B) - (A)
Core gross operating profit (excluding gains/losses on cancellation of investment trusts)	60.2	58.5	(1.7)
Of which, new business gross profit	7.7	11.3	+3.6
Expenses (-)	36.2	35.1	(1.0)
Actual credit costs (-)	(1.1)	(2.0)	(0.8)
Loss on securities	(14.4)	(5.1)	+9.2
Ordinary profit	11.2	20.1	+8.8
Net income	9.5	15.0	+5.4
ROE (net income basis)	3.87%	5.67%	+1.80 pt

(Actual Credit Costs)

				FY3/23	FY3/24
Actu	ual cred	lit costs total		(1.1)	(2.0)
	Norm	nal amount	Actual credit costs arising from loans without special factors (including share house-related loans)	(7.3)	(5.0)
	Preventive allowances as follows		6.1	3.0	
	Allowance for new suspension of repayments by some investment real estate loan customers triggered by organizational negotiations			2.0	(0.1)
	Allowance for claims for restructured loans that are unlikely to be recovered in the future 4.1				3.1

(Consolidated) (billion yen)

	FY3/23 (A)	FY3/24 (B)	YoY comparison (B) - (A)
Consolidated ordinary revenue	92.4	91.4	(0.9)
Consolidated ordinary profit	13.2	20.6	+7.3
Profit attributable to owners of parent	10.5	15.3	+4.7

Both consolidated and non-consolidated ordinary profit and net income up for second consecutive year

- FY3/24 actual results

 (non-consolidated YoY comparison)

 Ordinary profit up 78%
 Net income up 57%
 ROE up 1.8 pt
- Dividend ¥ 21 (up ¥ 12)

■ Actual Results for FY3/24 (Financial Highlights: Four Factors Supporting Sustainable Growth)

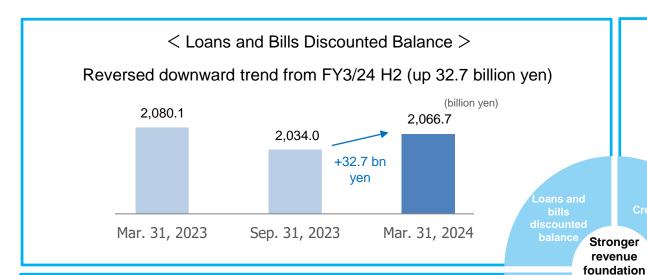

Progress in strengthening earnings base and risk-taking capabilities that will lead to future sustainable growth

and risk-

taking

Unrealized

< Credit Quality >

Ratio of disclosed claims based on the Financial Reconstruction Law gradually decreased through steady efforts to improve quality

	Mar. 31, 2023	Mar. 31, 2024	Change
itio of disclosed ims to total credit	10.48%	9.88%	(0.6 pt)
Excluding organizational negotiation partners	6.52%	5.95%	(0.57 pt)

		Mar. 31, 2023		Mar. 3	1, 2024
		Fair value	Unrealized gains (losses)	Fair value	Unrealized gains (losses)
Ot	her securities	292.0	(1.2)	270.9	21.7
	Shares	15.5	7.7	46.9	25.2
	Bonds	154.7	(0.3)	159.0	(0.9)
	Others	121.7	(8.6)	64.9	(2.6)

Progress in reducing unrealized losses and risk to rebuild a portfolio centered on yen bonds, which are expected to provide stable income

< Capital Adequacy Ratio >

(billion yen)

	Mar. 31, 2023	Mar. 31, 2024
Capital adequacy ratio	13.04%	14.00%
Shareholder equity (core capital)	251.8	258.6
Risk assets, etc.	1,930.4	1,846.2

 $^{^{\}star}$ Capital adequacy ratio after application of Basel III finalization (as of March 31, 2024): 11.87%

Secured capital buffer that enables necessary risk taking as we move towards a world with interest rates

New loan disbursements in the Bank's origination sector are steadily growing with a growth rate of 42% for FY3/24

(billion yen)

		FY3/22	FY3/23	FY3/24	FY3/25	FY3/26 (Phase 2 final year)
Ori	gination sector	103.8	156.2	222.7	185.0	195.0
	Solutions business	19.9	36.4	51.7	55.0	65.0
	Investment real estate loans	34.7	47.6	83.0	70.0	70.0
	Structured finance	49.2	72.1	87.9	60.0	60.0
Col	laboration loans, etc.	59.9	79.9	25.8	65.0	65.0
Tot	al	163.8	236.2	248.6	250.0	260.0

Phase 1	Phase 2
FY3/20 FY3/	23 FY3/26

^{*} New loan disbursements (acquired) by portfolio area since mid-term business plan "Re:Start 2025"

^{*} Solutions business (housing loans, unsecured loans, etc.)

^{*} Investment real estate loans include those for corporate clients

^{*} Structured finance includes specified corporate bonds, etc., while collaboration loans include monetary claims bought, etc.

^{*} Difference between forecast (structured finance: ¥77.0 bn) and actual results (¥87.9 bn) announced on April 4, 2024: Recoveries from refinancing and use of available lines of credit such as commitment lines

■ Earnings Forecast for FY3/25 <Non-consolidated & Consolidated>

In FY2025, plan to steadily accumulate new business gross profit and take another step toward improving quality of loan portfolio In the securities segment, related losses are expected to disappear as we move from restructuring to gradual accumulation stage

(billion yen)

(Non-consolidated)

			FY3/25 forecast		
		FY3/24 results	1 10/20		YoY comparison
		1	1 st half	Full year ②	2 - 1
Core gross operating profit (excluding gains/losses on cancellation of investment trusts)		58.5	28.5	56.0	(2.5)
	Of which, new business gross profit	11.3	7.9	16.0	+4.6
Expenses (-)		35.1	18.0	35.5	+0.3
Actual credit costs (-)		(2.0)	2.5	3.0	+5.0
Loss on securities		(5.1)	0	0	+5.1
Ordinary profit		20.1	8.5	18.5	(1.6)
Net income		15.0	7.0	14.5	(0.5)

Dividends per share (full year is cumulative)	21 yen	11 yen	22 yen	+1 yen	
---	--------	--------	--------	--------	--

^{*} Dividends per share of 22 yen = Interim dividend of 11 yen + Year-end dividend of 11 yen

(Assumptions Behind FY3/25 Actual Credit Cost Forecast)

[Normal amount]

Actual credit costs for loans without special factors are expected to be close to zero for the full year, due in part to lower than expected loss ratio

[Preventive allowances]

We plan preventive allowances of 3.0 billion yen for the full year, taking into account additional provisions for claims whose repayments are suspended due to organized negotiations by some customers with investment real estate loans and for restructured loans for which normalization of recovery is unlikely.

Consolidated)

I Summary of Financial Results for FY3/24

II Business Strategy

III Initiatives to Achieve P/B Ratio Above 1.0

■ New Business Gross Profit Forecast

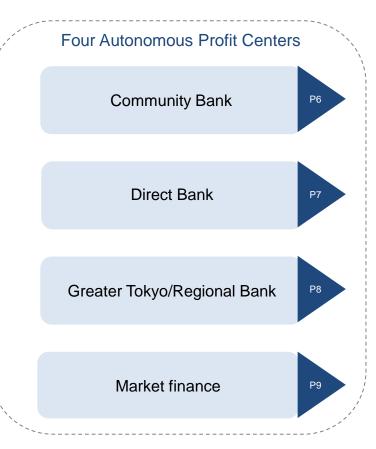

Thanks to steady progress with the mid-term business plan, gross profit from new businesses in FY2025 is expected to grow by 4.6 billion yen year on year

New business gross profit (core gross operating profit, new portfolio)

	FY3/24 results (A)	1 st half	FY3/25 forecast (B)
Retail/Solution businesses	4.5	2.8	5.9
Solution business*	1.7	1.0	2.3
Investment real estate loans	2.7	1.7	3.6
Market finance	6.8	5.0	10.0
Structured finance	3.9	2.2	4.7
Market operations, etc.**	2.9	2.8	5.3
New business gross profit (new portfolio) total	11.3	7.9	16.0
Reference: Old portfolio gross profit	47.1	20.7	40.0

(billion yen)				
Change (B) - (A)				
+1.4				
+0.5

+3.1				
+0.8				
+2.3				
+4.6				
(7.1)				

^{*} Solution business includes asset consulting, housing loans, unsecured loans, etc.

^{**} Market operations, etc. include collaboration loans, etc.

New Portfolio: Revenue from goods and services contracted on or after April 2020

Old Portfolio: Revenue from goods and services contracted on or before March 2020

■ Community Bank

The community bank, which operates locally in Shizuoka and Kanagawa prefectures, made progress in both its personal solution business and corporate solution business in fiscal 2023. In particular, inquiries were up for housing loans, personal loans, and asset consulting, and we will continue to build account sales tailored to the specific area

FY2024 Policies

Personal Solutions business—Greater support for active seniors & asset-builders

Helping customers lead more affluent lives with a wide range of products including personal loans and finance, insurance, and the new NISA

First Time at Suruga Series 2024

Incentive program for new and existing customers. Building a business base by cultivating deeper relationships with customers through new transactions

Transactions leading to opening main account

Pension payments

Salary payments

Direct debits

NISA

Account opening

Fixed deposits

Corporate Solutions business—Expanding the base of local businesses

Dialogue with business partner companies, funding proposals, and astute support for sustainable growth

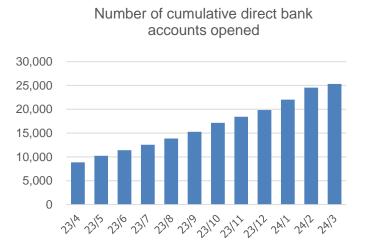

Talent development—Continuing to put customer first, improving skills in all aspects

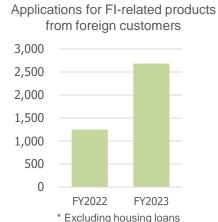

Passes on older employees' experience to younger employees and fosters a sense of unity by sharing their knowledge for optimal proposals

Expanding customer base by offering personal loans and accounts to suit customer lifestyles nationwide, with online and mobile banking as the main channels. We will continue to further strengthen our collaboration on the theme of financial inclusion (FI), including banking for non-Japanese customers

Direct Banking and FI

Money Laundering and Crime Prevention Measures

Detecting fraud when opening an account

- •Since 2021, Suruga Bank has been using ACSiON's online identity verification service, proost. With highly accurate online ID verification we are able to detect unauthorized account opening by fraudsters
- •In May 2024, ACSiON introduced its fraud detection platform, Detecker, to detect fraudulent information from customers when opening mobile accounts

Customer management

- •Being able to offer accounts to non-Japanese customers online has enabled the accurate and efficient management of information such as residency and period of stay
- · Verifications required after any period of stay is renewed is also done on an individual customer basis

Personal Loans

- •In FY2023, the number of applications and disbursements remained steady at more than 130% year on year
- •Key areas defined according to use of funds with both online and in-branch promoted

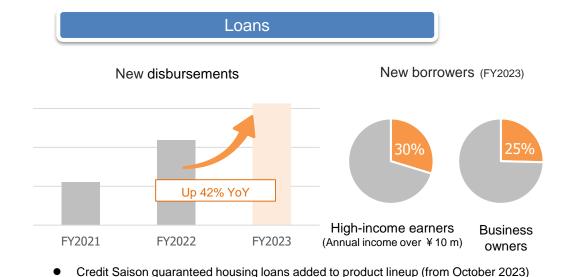

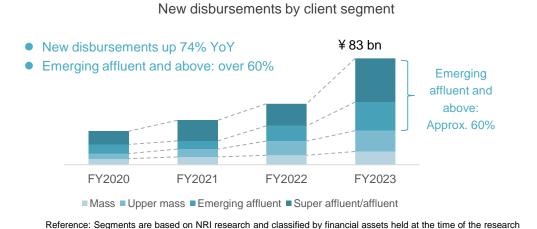

Wide product lineup to meet customer financial needs

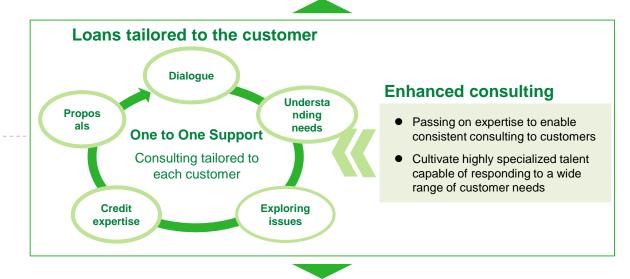

Enhanced "one-to-one" consulting capabilities, growing presence in the Greater Tokyo and regional markets

Future Initiatives

- Supporting customers' desired housing styles by continuing to provide consulting services that are tailored to their needs
- Provide flexible loan products based on area characteristics
- Meet a wide range of needs with housing loans guaranteed by Credit Saison

- Sales structure with a dedicated team
- Flexible product design to meet diverse needs
- Expanding scope by developing new partner companies, expanding business through wider deals and stronger relationships

Housing

loans

Investment

real

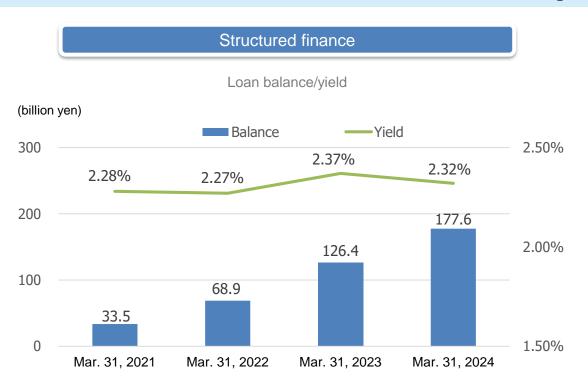

estate

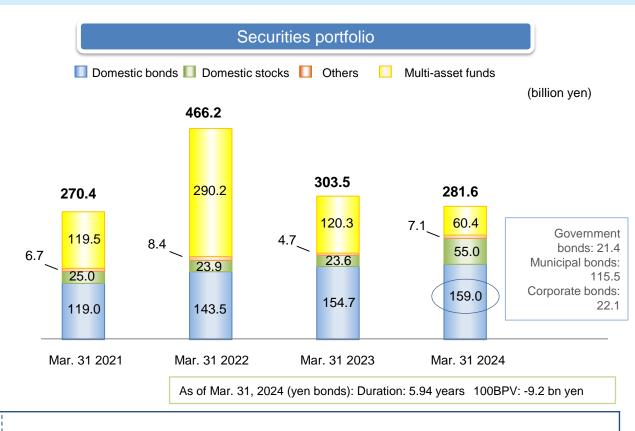

loans

■ Market Finance

Building a high-quality asset portfolio with diversified risk to ensure resilience even in a world with interest rates while investing further in human capital

Talent development

- We are working to strengthen our ability to make decisions and respond by providing practical experience, including negotiating with all stakeholders
- We are improving the skills of individuals through regular study sessions and support for acquiring qualifications such as bonuses (we rank first among local banks in number of qualifications for real estate securitization*)

* As of April 2024

- Training that incorporates knowledge of external experts, support for acquiring qualifications, etc., including talent development programs using external management companies and dispatching young employees to external short-term training programs
- Systematic job rotation within departments to provide employees with a wide range of practical experience and improve their skills

Discussions underway on three themes to create a Neo Finance Solutions Company

Key Areas

Theme

Initiatives and ideas

Products and services collaboration

Create new value by combining products and services of both companies

- Provide support services for foreign customers by combining expertise of both companies with Credit Saison's rent guarantee as key
- Provide loans to SME business owners, such as Saison lessees, and private business owners

Sophisticated marketing

Develop a marketing approach that leverages digital skills and databases of both companies

- Develop housing loans for Saison Card members utilizing both companies' databases
 - * Banking agency business launched from March 25, 2024
- Joint development of digital marketing schemes

Joint use of management resources

Promote effective joint use of management resources of both companies

- > Joint use of IT tools and resources
- Improved efficiency through mutual use of backyard functions
- Greater human resource exchange, and collaboration between both Group companies
- Develop new markets, including partners of both companies

Through full use of the retail expertise of both companies and seamless collaboration, we will create a **Neo Finance Solutions Company** that starts by solving all kinds of problems and customers' disadvantages (anxiety, inconvenience, dissatisfaction).

■ Cost Structure Reform

While continuing to push forward with cost structure reforms, we will aggressively invest in human capital, the foundation for sustainable growth

Cost structure reform

Cost structure reform brings expenses down <u>27%</u> compared to FY2018, even with wider new investment in human capital

	FY2018 results	FY2023 results	FY2024 forecast	FY2025 revised projections
Expenses	¥ 46.8 bn	¥ 35.1 bn	¥ 35.5 bn	¥ 34.0 bn
Of which, personnel expenses	¥ 15.9 bn	¥ 13.4 bn	¥ 14.0 bn	¥ 14.0 bn

^{*} Underlined figures are revised values from "Revisions to Mid-term Business Plan KPIs" news release announced on April 4, 2024

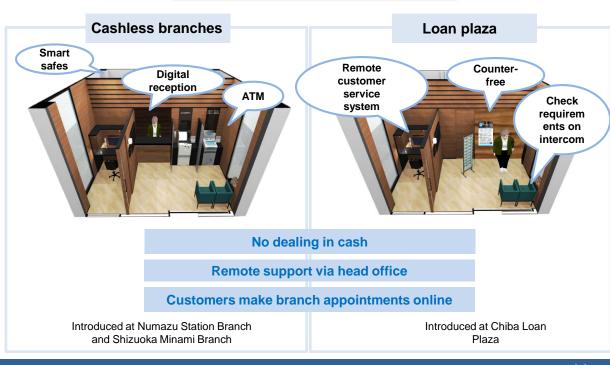

Shifting staff to the front office Sustainable location reorganization Reorganization according to Cutting down on head office staff Digitalization and streamlining area characteristics Reorganization Staff placement of branch Streamlining network **Three Pillars** of Cost Structure Reform IT costs Digital transformation Strategic IT Reduce IT costs investment Promotion in line with IT roadmap

Number of branches

Mar. 31, 2024	Number of bra reloc	Mar. 31, 2025 forecast	
, in the second second	H1	H2	Torecast
92	2	4	86

^{*} Relocation refers to a branch-in-branch move and is counted as one location

New streamlined branches

■ Single Building Income Loans

Continued efforts to improve credit quality and achieve mid-term business plan KPI of an average actual credit cost ratio of 10 bps (from FY2026)

Disclosed claims under the Financial Reconstruction Law and coverage (as of March 31, 2024)

(billion yen)

	Disclosed claims under	Coverage ratio		
	Financial Reconstruction Act (A)	Appraised collateral*1 (B)	Allowance/guaran tee coverage (C)	Coverage ratio (B + C) / A
Organizational negotiation partners	87.3	34.0	52.9	99.5%
Non-organizational negotiation partners*2	94.1	38.3	27.8	70.3%

^{*1} Normally, 90% of the total valuation method amount is used for collateral valuation of loans and other credit-related claims, but figures here use 100% of the total valuation method amount

Balance and delinquency by type of borrower (excluding organizational negotiation partners, etc.) (as of March 31, 2024)

(billion yen)

Borrower classification	Credit claims such as loans*4	Single building income loans*5	Not delinquent
N	4.040.4		Not delinquent
Normal clients	1,346.4	350.7	350.7
Clients requiring special attention*3	506.0	432.9	430.9
Clients requiring corrective action	47.6	39.3	38.9
Clients at high risk of bankruptcy	52.5	38.8	36.5
Virtual bankruptcy clients/bankruptcy	27.5	22.7	3.2
Total	1,980.1	884.6	860.4

^{*3} Loans are classified as requiring special attention if tax return documents are not received or the loan property has negative cash flow even if not delinquent

Efforts to improve credit quality

Aim to improve credit quality by communicating regularly with customers based on periodic surveys, and collaborating with management companies, real estate companies, experts and other partner companies

On-site evaluation

Bank employees visit to check property and surrounding conditions

(Examples of property damage discovered)

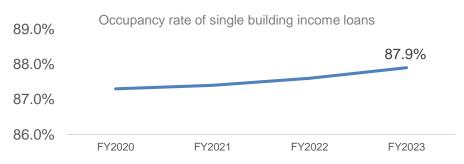

- ✓ Peeling exterior wall paint and ceiling panels
- ✓ Cracks in window glass
- ✓ Oversize garbage left on-site, etc.

Improvement suggestions

- Reporting condition of property, etc. to customers as appropriate
- Help in modifying loan terms and conditions to raise funds for repairs, etc.

Survey content:

 Covers customer properties with a single building income loan balance of 50 million yen or more (approx. 8,200 properties, 90% of total outstanding balance)

Note that in the past, the ratio of the amount of claims transferred to the collateral valuation for income-producing properties for investment real estate loan financing has exceeded 200%.

^{*2 &}quot;Non-organizational negotiation partners" shows the total for single building income loans

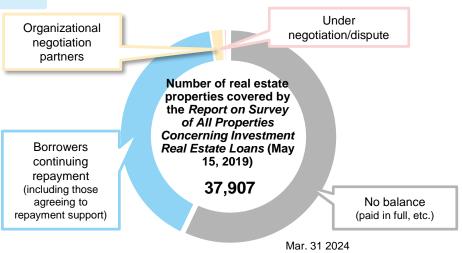

^{*4} Credit claims such as loans: Loans and bills discounted, customers' liabilities for acceptances and guarantees, foreign exchanges, securities lent, suspense payments equivalent to loans and bills discounted, accrued interest on loans and bills discounted

^{*5} Including investment real estate loans for corporate clients

■ Investment Real Estate Loans (Status of Organizational Negotiation Partners)

Status of efforts to date

After approximately five years of repayment support and consultation efforts, more than 50% of the 37,907 properties surveyed have a loan balance of zero, and more than 40% are maintaining loan repayments.

However, organizational negotiations are being conducted with Suruga Bank on 841* properties (2.2% of 37,907), and we will continue to take appropriate measures to resolve these issues.

* Due to voluntary sales and other factors, from the end of September 2022 to the end of March 2024, 87 properties were no longer in organizational negotiations.

Basic approach to future action

- From the viewpoint of striking early settlements, we are actively cooperating in clarifying loan circumstances in certain types of cases where the banks likely to be found liable in tort in a lawsuit.
- In addition, there have been several cases in which the sale of investment real estate has led to full repayment, and we are also moving forward with proposals to consider voluntary sales of real estate.
- With regard to investment real estate loan cases, each case has its own **very individual qualities**, and we believe it is necessary to **consider the unique circumstances of each case individually** when determining whether and to what degree there is an obligation to compensate for damages.

^{*} For details of our response, please refer to the Status of Our Response to Loans for Investment Real Estate Other Than Shared Housing, released on April 4, 2024.

■ Pursuing Cloud Computing and DX in IT Platforms

Digital transformation with face-to-face and non-face-to-face channels to provide flexible and speedy services through in-house development in strategic areas (customer digital contact points such as smartphone apps)

Strengthening face-to-face and non-face-to-face digital channels

Enhanced Smartphone App

- ·Launch AI chatbot, foreign language support services
- ·View significantly more past transactions on the app, eliminating the need for bankbooks

More online applications

- ·Shifting online branch account opening to advanced identity verification using eKYC
- ·Improved application process for card loans for better user experience

In-branch digitalization

- ·Add more and more services to the tablet menu (SMA-Navi) for customers
- ·Cashless store operations centralized at sales office support center

Advanced data analysis infrastructure

- ·Build a flexible and agile next-generation IT infrastructure that utilizes cloud technology
- •Greater sales support and communication functions

IT cost reduction and strategic IT investment

Areas and measures to be addressed in FY2024

Enhanced Smartphone App

•Greater functionality on the app with change of address and other functions

Suruga Bank App

In-branch digitalization

•Expand self-service operations through the use of tablet terminals (SMA-Navi) for customers

SMA-Navi

Advanced data analysis infrastructure

·Investigate set up and plan for cloud accounts

Wider use of generative Al

- •Expanded use from limited number of employees at HQ and branch offices to all employees
- •Greater streamlining and automation through AI learning of internal business procedures, manuals, FAQs, etc.

Tighter money laundering measures

- •Initiatives to strengthen and improve measures against money laundering, etc.
- •Strengthen measures to prevent fraud in online banking and account opening, etc.
- Stronger cyber security measures
- ·Cloud-based security services for advanced security
- •Investigate measures to comply with cybersecurity guidelines
- Secure and develop cybersecurity-literate human resources

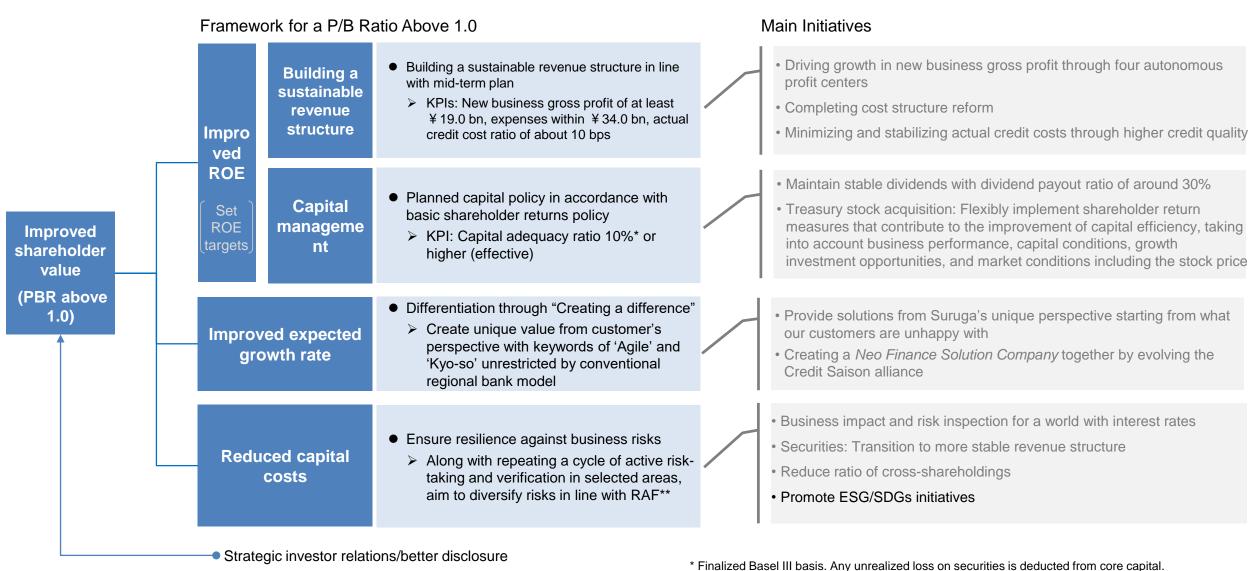

I Summary of Financial Results for FY3/24

II Business Strategy

III Initiatives to Achieve P/B Ratio Above 1.0

^{**} Risk Appetite Framework

Greater investment in human capital and sustainability promotion, while further solidifying foundation for growth to achieve a P/B ratio over 1.0

Current analysis

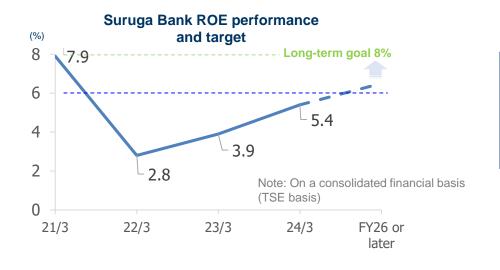

Comparison with listed regional banks

Mar. 31 2024 (Ratio / %)

	PBR	PER	ROE
Suruga Bank	0.59	14.30	5.4
Listed regional banks average	0.44	12.86	3.9

Source: QUICK

PBR and PER are on a consolidated preferred basis ROE is on a consolidated financial basis (TSE basis)

Capital cost estimations

Estimates based on CAPM	6% level
Estimates based on PBR and ROE	7–9%

 Our perceived cost of capital at this time is about 6–9%

Awareness of issues

- Our most important issue is to improve ROE to achieve a P/B ratio above 1.0
- ROE bottomed out at the end of FY2021 and is improving, but is still somewhat off target level
- While we believe that the minimum level of the cost of shareholders' equity is 6%, we recognize the need to accelerate restructuring of the revenue structure to reach 6% or higher as soon as possible

ROE target for P/B ratio above 1.0

ROE from FY2026 onwards (after rebuilding revenue structure under current medium-term plan) is on average 6% or more, aiming for over 8% in the long term

Pushing forward with capital policy based on the basic shareholder return policy and policy for reducing cross-shareholdings as set out in the mid-term business plan

Shareholder Returns

Basic policy

Our policy is to strive to enhance shareholder returns after considering the optimal balance between capital soundness and investment for growth

Dividend Policy

Our basic policy is to maintain stable dividends, targeting a dividend payout ratio of around 30%

	FY2022	FY2023	FY2024 forecast
Dividends per share	9 yen	21 yen	22 yen
Profit attributable to owners of parent	¥ 10.5 bn	¥ 15.3 bn	¥ 14.5 bn
Dividend payout ratio	16%	27.8%	29.2%

Treasury stock acquisition policy

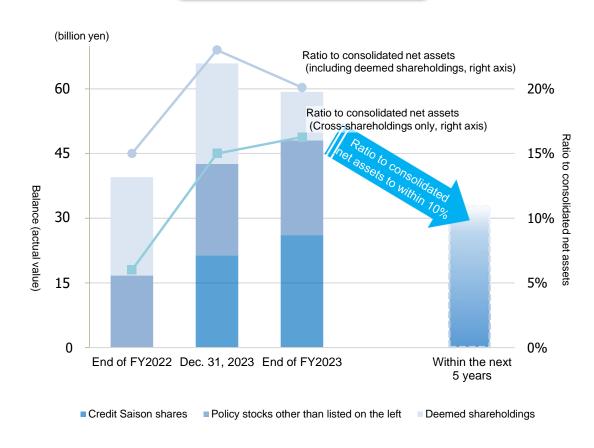

We will flexibly implement shareholder return measures that contribute to the improvement of capital efficiency, taking into account business performance, capital conditions, growth investment opportunities, and market conditions including the stock price.

	FY2023 results	FY2024 projection (limit)
Shares acquired	30,660,000*	6,000,000
Acquisition cost	¥ 21.9 bn**	¥ 7.0 bn
Acquisition period	August 17, 2023 to March 1, 2024	May 13, 2024 to September 30, 2024

^{* 35} million shares to be retired in April 2024 (including treasury stock held from before FY2023)

Reference: Mid-term plan KPIs: Capital adequacy ratio 10% or higher (effective)
Any unrealized loss on securities is deducted from core capital.

Cross-Shareholdings

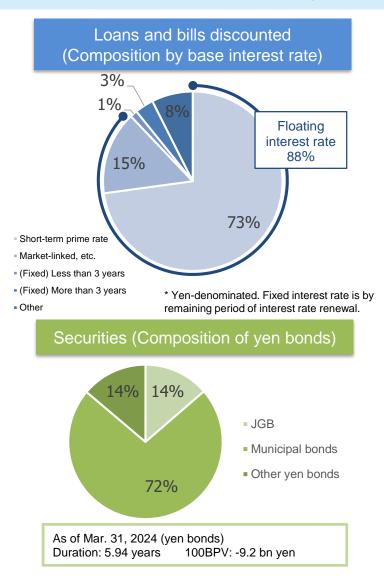

Sales of cross-shareholdings during FY2023: ¥ 3.8 bn (including deemed shareholdings: ¥ 16.0 bn)

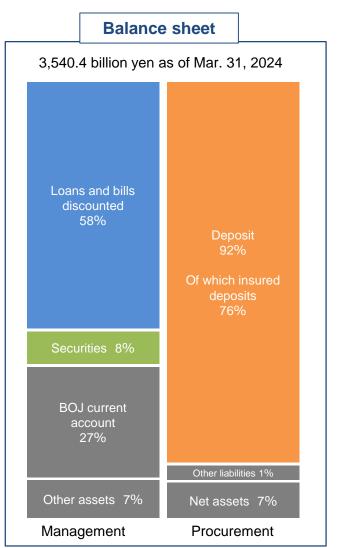

^{** ¥ 4.8} bn return in FY2023 after deducting disposal of treasury stock through third-party allotment to Credit Saison (¥ 17.1 bn)

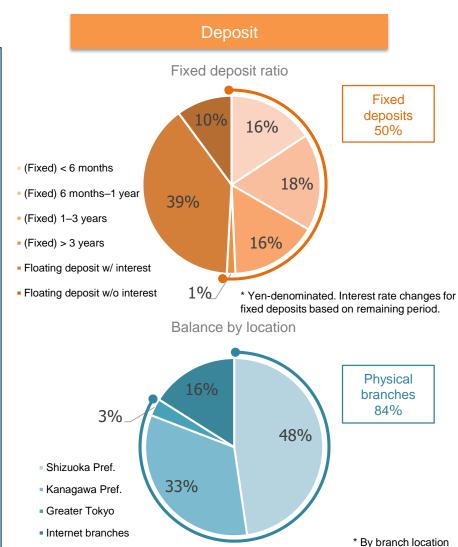

Our loan portfolio is dominated by variable interest rates so when interest rates rise, we expect a positive impact on profits

Compared to FY2013 -75.0%

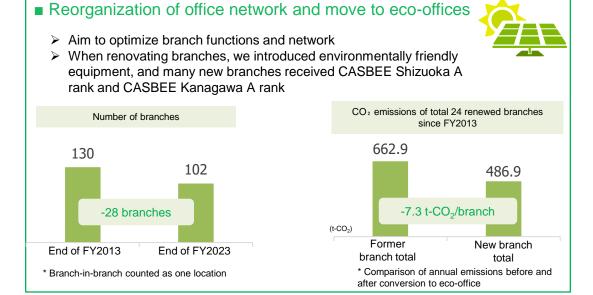

Contributions to Environmental Preservation—The Suruga Bank Group's Materiality

Shizuoka Prefecture is rich with forests, marine resources and sightseeing spots, such as Mt. Fuji and Suruga Bay, but faces many environmental issues, including a fall in the use of forests for public interest, a decline in marine resources as well as the problems of waste and marine plastic.

For the sustainable development of the region and our Group, we are actively promoting initiatives that help solve these issues.

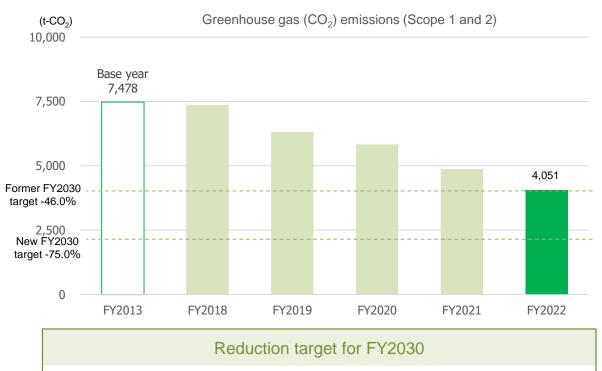

Decarbonization initiatives

Resetting of reduction targets for greenhouse gas (CO₂) emissions

Based on progress in reducing greenhouse gas (CO₂) emissions ahead of schedule, we have increased our reduction target for FY2030

Compared to FY2013 -46.0% ■

Creating an environment where employees can thrive and grow—The Suruga Bank Group's Materiality

For Suruga Bank to grow further, a virtuous cycle of improving employee engagement and greater investment in human capital is essential. To promote this virtuous cycle, we have been actively implementing a "listening \Leftrightarrow human capital investment" initiative since last year.

Employees' wishes

Employee motivation questionnaire

Target FY2025 overall satisfaction 60% or more

To improve employee motivation, a survey of all employees is conducted every fiscal year in order to understand their current situation.

Survey topics

- ·Overall satisfaction: 1 question
- Employee feelings and attitudes: 32 questions
- Awareness of actual conditions in the workplace: 20 questions
- Evaluation system / education and training: 16 questions
- Evaluation and awareness of the Bank:
- 16 questions
- ·Other: 24 questions

Awareness of issues through survey analysis

The results of the past year's questionnaire showed that while "ease of working" in the organization scored high, "satisfaction" with work and "motivation/pride" in work (sense of accomplishment, fulfillment, and self-discretion) scored low. Based on the results of these questionnaires, we are looking at and implementing measures to improve motivation.

Specific measures to improve the workplace environment

Fast promotion system

By relaxing the requirement for a certain level of practical experience for the recruitment exam and allowing employees to take exams earlier, young employees are encouraged to go for promotions.

MIRAI-Management School training program

Supporting the medium- to long-term development of female leaders through internal and external training to acquire the skills, knowledge, and experience necessary for career advancement.

Career vision meetings

Career groups have been set up based on skills where employees are encouraged to engage in dialogue with their department heads about what part of the groups interests them, as an opportunity for employees to think about their careers.

Internal recruitment system

As part of their career development and in order to support the challenge and growth of employees, applicants are given roles primarily in highly specialist departments.

Creation of an environment where employees can work until the age 70 (activities to support older employees)

In order to share and participate in Suruga's vision of expecting employees to work and contribute until the age of 70, we provide opportunities and support systems for such participation, and develop personnel policies for older employees.

Revision to human capital investment KPI

The amount of new human capital investment during the second phase of the mid-term business plan (3-year total) has been revised to incorporate further investments in human capital.

Before revision **over ¥100 m**

After revision **over ¥250 m**

^{*} Overall satisfaction: In the question, "Overall, how satisfied are you with your current job/company/workplace?", the percentage of respondents who answered "Satisfied" out of the options of "Satisfied," "Undecided," "Dissatisfied"

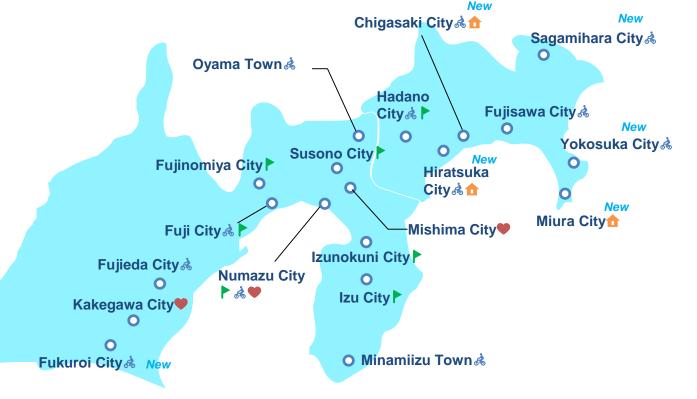

Building Sustainable Local Economies and Societies—The Suruga Group's Materiality

We will help to create sustainable regional economies and society by concluding agreements with cities, towns, and private companies, working together and cooperating in various fields related to regional revitalization to solve regional issues and revitalize regions.

■ Collaboration with private companies, etc.

As of Apr. 30, 2024

	Agreements concluded with (in no particular order)
	Izu Peninsula Geopark and Tourism Bureau;
	Daytona Corp.; Roots Sports Japan;
	Conference in Shizuoka on the Creation of a Sanctuary for Sport
	Cyclists; Izukyu Corporation; Kona Resort Inc.;
À	Tokinosumika Co., Ltd.;Sompo Japan Insurance Inc.;
	TEPCO Power Grid, Incorporated; Pleasure, Co., Ltd.;
	Walkride Co., Ltd.; Tokyu Hotels & Resorts Co., Ltd.;
	Fuji-san Suruga Bay Ferry;
	Shonan Bicycle Tourism Promotion Council New
•	Japanese Red Cross Society Shizuoka Branch, Shizuoka University
•	Meiji Yasuda Life Insurance Company, Azul Claro Numazu

■ SDGs/ESG initiatives: Governance

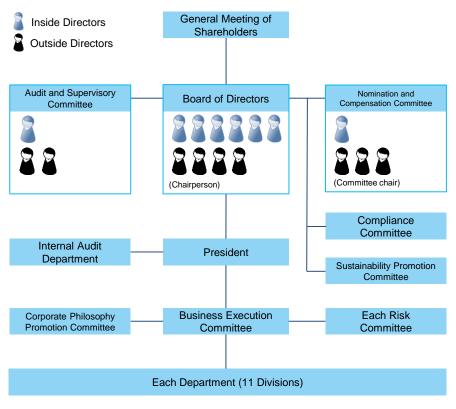

Establishment of a Solid Governance Foundation—The Suruga Group's Materiality

The Group is working to strengthen its governance with the materiality of establishing a solid governance foundation, and with the corporate philosophy of "I'm glad you're here... I'm glad we met" at the heart of its business.

■ Corporate Governance Structure Chart

The Board of Directors is chaired by an independent outside director to ensure sound and transparent decision-making by the Company.

* Based on the management structure to be proposed at the 213th Annual General Meeting of Shareholders.

■ Director Election Policies and Procedures

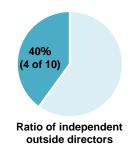

Directors

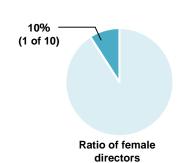

To ensure a high level of objectivity and transparency, we have adopted the following policies for the Board of Directors to select and/or dismiss senior management and to nominate candidates for director. An arbitrary Nomination and Compensation Committee (chaired by an independent outside director and composed of a majority of independent outside directors) will give full consideration to candidates based on their background, track record, and evaluation, as well as to the current situation and performance of the Company, etc. The Committee will then make its recommendations to the Board of Directors, and the Board will reach a resolution with due respect to the proposal. For directors who are also members of the Audit and Supervisory Committee, a decision will be made after approval is obtained from the Audit and Supervisory Committee.

Representative Director

Given that the appointment and dismissal of the Representative Director is the most important strategic decision of the Company, the arbitrary Nomination and Compensation Committee (chaired by an independent outside director and composed of a majority of independent outside directors), in response to a request from the Board of Directors, spends sufficient time and resources deliberating on the background, performance, evaluation, and suitability of the candidates. The Committee will then make its recommendations to the Board of Directors, and the Board will reach a resolution with due respect to the proposal in an objective, timely, and transparent manner.

■ Composition of Directors

* Based on the management structure to be proposed at the 213th Annual General Meeting of Shareholders.

■ Establishment of a whistleblowing system

To centrally manage internal reports from employees and risk information received from external sources, a specialized department, the Internal Whistleblowing Office, has been established.

Additionally, an Audit and Supervisory Committee Reporting Desk that handles reports regarding directors and executive officers, as a point of contact independent from senior management, has also been established.

Internal reports, including whistleblowing, customer complaints and feedback, as well as risk information received from external sources, such as the Japanese Bankers Association, are centrally managed by the Internal Whistleblowing Office to create a workplace environment where employees can work with peace of mind.

Conclusion

Toward FY2025 (the final year of the mid-term business plan): Accelerate the mid-term business plan strategy (restructuring of the profit structure based on the three arrows) and aggressively invest in human capital and business infrastructure for the next stage (future growth)

(billion yen)

	FY3/24	FY3/25 forecast	FY3/26 projection
Core gross operating profit (excluding gains/losses on cancellation of investment trusts)	58.5	56.0	-

(Non-consolidated) (billion yen)

	FY3/23 results (A)	FY3/24 results (B)	YoY comparison (B) - (A)
Core gross operating profit (excluding gains/losses on cancellation of investment trusts)	60.2	58.5	(1.7)
Expenses (-)	36.2	35.1	(1.0)
Personnel expenses	13.6	13.4	(0.2)
Actual credit costs (-)	(1.1)	(2.0)	(0.8)
Loss on securities	(14.4)	(5.1)	+9.2
Other non-recurring gains (losses)	0.2	(0.1)	(0.3)
Ordinary profit	11.2	20.1	+8.8
Extraordinary gains (losses)	(1.2)	(1.1)	+0
Net income	9.5	15.0	+5.4

(Consolidated)

Consolidated ordinary revenue	92.4	91.4	(0.9)
Consolidated ordinary profit	13.2	20.6	+7.3
Profit attributable to owners of parent	10.5	15.3	+4.7

Main factors contributing to changes (non-consolidated, YoY)

Net interest income	 Decrease in interest on loans and bills discounted: -3.4 billion yen (decrease in average balance: -1.0 billion yen, decrease in yield: -2.4 billion yen) Decrease in interest and dividends on securities: -1.3 billion yen Increase in interest on monetary receivables purchased: +1.3 billion yen
Expenses	Decrease in personnel expenses: -0.2 billion yen Decrease in property expenses: -1.0 billion yen
Actual credit costs	 Loss on reversal of allowance for loan losses resulting from the lump-sum transfer of share house loans: +2.5 billion yen Allowance for new suspension of repayments by some investment real estate loan customers triggered by organizational negotiations: -2.1 billion yen Precautionary allowance for claims for restructured loans that are unlikely to be recovered in the future: -1.0 billion yen
Loss on securities	•Decrease in gains (losses) on bond transactions: +9.4 billion yen
Extraordinary gains (losses)	•Partial reversal of impairment loss on fixed assets: +0.3 billion yen

(Non-consolidated) (billion yen)

	Earnings	Earnings forecast			
	Beginning of term	Announced Feb. 9	Results		
Core gross operating profit (excluding gains/losses on cancellation of investment trusts)	54.0	57.5	58.5		
Expenses (-)	36.0	36.0	35.1		
Actual credit costs (-)	6.5	(1.0)	(2.0)		
Loss on securities	0	(6.0)	(5.1)		
Ordinary profit	11.5	17.0	20.1		
Net income	8.5	11.5	15.0		

(Consolidated)

Consolidated ordinary revenue	77.5	87.5	91.4
Consolidated ordinary profit	12.0	17.5	20.6
Profit attributable to owners of parent	8.5	12.0	15.3

Factors causing difference between forecast and actual results

Core net operating profit 🗼

✓ Improved net fees and commissions due to increase in loan-related fees and decrease in group credit life insurance

Expenses 🖠

✓ Decrease in property expenses due to steady progress in cost structure reform

Actual credit costs 🗲

(billion yen)

		Earnings		
		Beginning of term	Announce d Feb. 9	Results
Actual credit costs		6.5	(1.0)	(2.0)
	Normal amount	(2.0)	(5.0)	(5.0)
	Preventive allowances	8.5	4.0	3.0

Loss on securities

✓ Decrease in gains (losses) on bond transactions mainly due to reduced appraised loss on bonds and multi-asset funds, which, in an attempt to improve the quality of the securities portfolio were not expected at the beginning of the term

Corporate Philosophy

Customer satisfaction

Shareholder value

Employee satisfaction

Contribution to society

Vision

•To realize our corporate philosophy, we will create a "new Suruga Bank" that delivers customer satisfaction and ensures that staff feel their work is meaningful. We will achieve this through a commitment to carrying out customeroriented business, initiatives in our core business of retail banking, and by creating unique value in ways that are distinct to our bank.

We want to be a company that makes customers feel,

"I'm glad you're here... I'm glad we met."

•We will also establish measures for thorough compliance and controlling appropriate risk/return, and develop a "new sustainable business model" as a public financial institution that benefits the public.

Phase 2 Management Strategy

I. Evolving the Retail and Solutions Businesses

We will **create sources of differentiation** founded in resolving customers' worries, inconveniences, dissatisfactions, etc., leading them to say "I'm glad you're here... I'm glad we met."

II. Building a Sustainable Revenue Structure

We will counteract the decline in the top line due to the collection of existing loans and pivot to a sustainable revenue structure with three measures. Namely, growth of new business revenue through four autonomous profit centers, cost structure reform, and minimizing and stabilizing actual credit costs through higher credit quality

III. Risk-Taking and Risk Diversification

In accordance with **the Risk Appetite Framework (RAF)**, we will repeat a cycle of active risk-taking and verification in selected areas, diversifying away from our traditional risk structure concentrated in specific real estate areas^{*1}.

*1 Single building income properties (relatively high share of older properties and properties located in regional areas) executed prior to the full-scale rollout of Phase 1

Phase 2

Finances

MTP

From the past to the present, Suruga Bank has been providing solutions from Suruga's unique perspective starting from what customers are unhappy with.

Housing Loans for Women

At a time when banks' screening procedures were not keeping pace with diversifying lifestyles and employment patterns, we were inspired by the passion of women to market Japan's first housing loan for women.

Unique to Suruga

We were the first to focus on the myriad niche markets that exist within the housing market. Our employees sensed customers' disadvantages and quickly commercialized products to match.

Products and Services Developed from Suruga's Unique Perspective

with the joy of growing dreams" in this era of ultra-low interest rates. A first for a Japanese bank, this product is the result of our employees' desire to deliver dreams to customers.

Unique to Suruga

In the early days of the Internet, we opened Japan's first online bank branch. This allowed us to deliver dreams and peace of mind to customers through the Internet, even as a regional bank, without building physical branches. We were also the first Japanese financial institutions to offer mobile banking.

Time Deposits with Jumbo

Our concept is "a financial service filled

Digital infrastructure that supports the creation of difference (examples)

Screening via data mining

Automated Screening System

We used sophisticated methods to analyze detailed data accumulated by lending to a wide range of customers, including data on screening and repayment status. This sped up the screening process.

Unique to Suruga

1996

We achieved the automation of screening ahead of other banks by combining our screening know-how with a vast database analyzed with our proprietary logic cultivated over many years specializing in retail.

Continuous provision of high quality services

Use of CRM

By integrating our informational data and accounting systems, we provided customers with the most appropriate products and services at the right time.

Unique to Suruga

1999

This is the trump card of our retail strategy. This allows continuous relationships anywhere, anytime, at all customer touchpoints. Our accumulated data is the source of not only our entire organization's retail mindset, but also of our improved marketing capabilities.

ANA Branch

We developed the world's first card that integrates cash card, mileage, and e-money functions. We offer a unique product that lets customers earn miles for bank transactions.

Unique to Suruga

2004

By combining ANA's diverse customer base and marketing know-how with Suruga's retail banking business, we created new markets and provided unique high-quality value.

non-Japanese Customers

We established payment-only accounts that provide more savings and peace of mind when using cashless payments, which have become widely used in daily life. We established accounts exclusively for non-Japanese customers.

Unique to Suruga

Based on our desire to provide access to financial services to all, we focused on growth areas and non-Japanese customers who require financial services.

musu-bi (end of life support services)

As part of our asset consulting services, we help customers think about how they would like to see out their remaining days.

To prepare for "what if," we provide asset visualization, funeral insurance, introductions to different types of funeral, and other services that turn anxiety into peace of mind. In this way, we help customers live the rest of their lives in brighter and more positive ways.

New business gross profit (core gross operating profit, new portfolio)

 Through Management Strategy I (Evolving the Retail and Solutions Businesses), new business gross profit is projected to grow by 2.5 times compared to FY2022

	Breakdown of new business gross profit	FY2025 revised projections	FY2022 results	Change
Retail/Solution Businesses		7.5	2.3	+5.2
	Solution Business*1	3.0	0.8	+2.2
	Investment real estate loans	4.5	1.5	+3.0
Market Finance		11.5	5.4	+6.1
	Structured finance	5.0	2.3	+2.7
	Market operations, etc.*2	6.5	3.0	+3.5
Nev	w Portfolio Total	19.0	7.7	+11.3
		_		

Expenses

 As part of Management Strategy II (Building a Sustainable Revenue Structure), we plan to complete cost structure reforms and increase human capital investment

* Expenses: ¥ 36.2 bn (FY2022) ⇒ ¥ 34.0 bn (FY2025)

(-2.2 billion yen)

(billions of yen)

Actual credit costs

 We plan to stabilize actual credit costs at a low level by proactively taking measures to improve credit quality of single building income loans (other than those for share houses).

* Actual credit costs: Approx. ¥ 9.0 bn (FY2020-2022 average)

→ Average under 2.0 billion yen per year from FY2025

(Approx. -7.0 billion yen)

Building a Sustainable Revenue Structure with the "Three Arrows"

Decrease in core gross operating profit from old portfolio

52.5 billion yen \rightarrow 33.5 billion yen (FY2022) (FY2025)

(-19.0 billion yen)

Definition of New/Old Portfolios

 New Portfolio: Revenue from goods and services contracted in or after April 2020
 Old Portfolio: Povenue from goods and services contracted

Old Portfolio: Revenue from goods and services contracted in or before March 2020

 The turning point towards a sustainable revenue structure is fast approaching due to accelerated growth in new business gross profit, etc.

^{*1} Solution Business includes asset consulting, housing loans, unsecured loans, etc.

^{*2} Market operations, etc. include collaboration loans, etc.

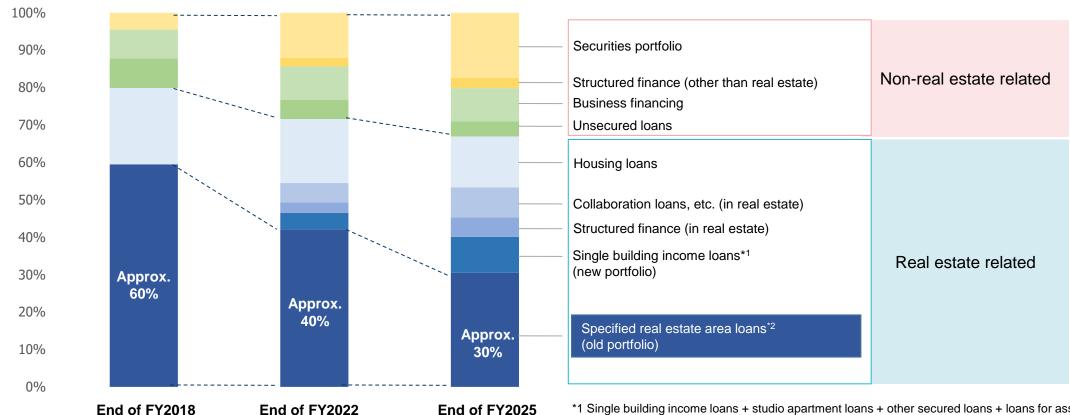

Change in composition of assets under management from FY2018 to FY2025

results
